

Professional Summary

- Having 3.9 years of extensive working experience in Development.
- Experience in Design and Development web applications in **Spring Boot**. Design with JAVA(**Collection, Swings and Exception Handling**) and **J2EE** Technologies.
- Working experience on **XML (SAX,DOM)** parser and **JAXB** technologies.
- Experience in developing web services using **Restful Web Services**.
- Working experience in services **Third Party Service Integration**.
- Working knowledge on **GIT, YouTrack** and **SVN**.
- Working experience in Spring framework (**Spring Core, Spring MVC, Spring Transactions, and Aspect Oriented Programming**) along with **Spring JDBC**.
- Worked on **MAVEN** Tools.
- Experience in design patterns like **Design Pattern(Factory, Singleton , Builder)**.
- Experience in working with database **MySQL**.
- Experience in developing applications using IDE's like **Eclipse Oxygen, Spring Suite Tool**.
- Experience in web server like **Apache Tomcat**.
- Knowledge in **ORM** tool such as **Hibernate**.
- Knowledge in web services using **SOAP**.
- Knowledge in database **Oracle**.
- Knowledge in **Angular JS**.
- Having experience in **Linux** deployment.
- Having good knowledge on **MicroServices**.
- Good team member, positive attitude and result oriented self-motivated, quick learner, willing to adapt to new challenges and opportunity.

Professional Experience

- Working as **Software Engineer** in **Jocata Financial Advisory Technology** , Hyderabad from Mar-2018 to till date.
- Worked as **Associate Software Engineer** in **Imedx Information Services Pvt. Ltd, Hyderabad** from Dec-2015 to Jan-2018.

Educational Qualifications

- **MCA (Masters in Computer Application)** from **Priyadarshani Bhagwati College , Nagpur** in year 2015 with 68%.
- **BCA (Bachelor of Computer Application)** from **Kamla Nehru College, Nagpur** in year 2012 with 52%.

Skill Set

Languages	: -	Core Java/J2EE
J2SE Technologies	: -	OOPs, Multithreading, Generics, Collection, Exception Handling
J2EE Technologies	: -	JDBC, Servlet, JSP, JSTL
Frameworks	: -	Spring Boot and Spring(JDBC, TX, AOP and MVC), Hibernate
Web Service	: -	Restful, Web Services, SOAP, WSDL, JAX-B, JAX-WS
Xml Technologies	: -	XML (DTD, XSD, SAX, DOM)
Web Server	: -	Apache Tomcat
Application Server	: -	WebLogic
Database	: -	MySQL
IDE	: -	Eclipse, STS
View Technologies	: -	JSP, Html, Javascript, Angular JS

Project Undertaken

Project #1 : IndusInd (BL-DLP)

Duration: May 2018 – till date

Project Description:

This is a comprehensive solution to address Business Loan requirements through Digital Lending Platform (DLP) and offer its platform of loan products to their existing as well as new customers. The Digital Lending Platform allows real time loan application process, loan eligibility and disbursement with integrated underwriting process. The platform facilitates to disburse instant loan based on the organization's profile and risk assessment. The platform will be integrated with various internal systems as well as with external data using Jocata GRID.

Technologies: Spring Boot, Restful, JAXB, MySQL, Angular

Responsibilities:

- Involved in design and requirement gathering from Business Analyst.
- Involved in third part service integrations
 - Involved to write business logic efficiently.
- Involved in developing restful web services.
- Involved in Coding Controller, Service and Dao
- Resolved assigned bugs of QA, UAT and Production.
- Involved in Deployments.

Project #2 : iMedX ExpressAdmin

Duration: Mar 2017– Jan 2018

Project Description:

Imedx Express Admin is web application. Express Admin is a Medical Transcription Monitoring and Administration System that enables Managers and vendors to monitor the processing of Transcribed documents. It provides the facility to manage and create users and vendors. It provides the Job Lister

that list out jobs in a system that allows allocating jobs to users. This application maintains summary reports.

Technologies: J2SE, Spring (MVC, Transaction, Aop, Jdbc) , Web Services (Restful Client and resource), MySQL, Apache tomcat, javascript, Jsp

Responsibilities:

- Involved in architecture design of Spring MVC modules.
- Involved in generating feedback reports.
- Involved to write business logic efficiently.
- Involved in Coding, Integration and Testing.
- CRUD operations on MySQL database using Spring Jdbc.
- Resolved assigned bugs .

Project #3: iMedX Express Editor

Duration: Mar 2016 – Jan 2018

Project Description:

Imedx Express Editor is a desktop application from which users transcribe the jobs by hearing the audio files by using third party player and operate the audio file through foot-pedal , transcriptionists prepares the transcription by adding patient details, provider details , recipient details, exception, pharmaceutical spelling verification and correction, text expanders, pre-defined document templates and normal, patient lookup, referring doctor lookup, multi-editor workflows and random QA sampling. Upload the jobs to other various levels and at the last delivers to physicians.

Technologies: J2SE, Swings , Servlet, JDBC

Responsibilities

- CRUD operations on MySQL database using Jdbc.
- Involved in analysis of shortcuts in the whole application and provided easy way to access.
- Involved in Coding and Testing.
- Participation in releases
- Planned to increase productivity.
- Developed the audio player for the organization and integrated it with hardware device (foot-pedal).

Personnel Details

Name	: Shalaka Jain
Date of Birth	: 24-01-1992
Gender	: Female
Language Known	: English, Hindi, Marathi
Nationality	: Indian

Declaration:

I hereby declared that the above information is true and correct to the best of my knowledge.

Place: Hyderabad
Date: / /

Shalaka
